5 rules to stay safe

1. **Slow down.** Real companies don't rush you.
2. **No gift cards, wire transfers or crypto** to anyone who calls you.
3. **Don't click or call back** from an unexpected text, email or pop-up.
4. **Banks and agencies don't threaten you.** Hang up and look up the real number.
5. **Family emergency call?** Hang up and phone them directly.
